

Pelle Kronestedt // **Täby** Eller Jag började skriva en bok som hette Mordet på Palme

Täby – eller Jag började skriva en bok som hette Mordet på Palme reflects on how reality, the self and the image of those two changes from teens to middle age. The book is based on the life stories that take place in the Stockholm suburb Täby during the late 1980's and today. The personal stories reflect a greater context and portrays how the individual is affected by society. Through his own and his generation peers' experiences Pelle Kronestedt senses a universal and existential story about growing up.
